EDUCATION

SoyHenry course, Full Stack
Developer, starting May 2021

SKILLS

- ReactJS, Redux, JavaScript, Html5
CSS, React Native
- NodeJS, Express
- Sequelize, PostgreSQL
- Github, Git
- Bootstrap, Less, Sass

WORK EXPERIENCE

individual projects

JUNE 2021

- In my experience as a student, I had the opportunity to participate in some projects. Through these I learned database creation and structure (Postgres), API Rest architecture (Nodejs, Express), use and management of functional components with ReactJs, complemented by Redux. Also to give styles used Sass and Less.

Languages

- ADVANCE ENGLISH
- NATIVE SPANISH
